

2007 Top 500 Remodelers

Media Release

College City Remodeling NAMED TO 2007 QUALIFIED REMODELER TOP 500

(September 28, 2007) College City Remodeling has received *Qualified Remodeler Magazine's* Top 500 Award for 2007. This recognition ranks College City Remodeling as one of the top remodeling companies in the United States. In addition to overall volume and growth rate, the Top 500 is based on five additional benchmarks of company success and professionalism: years in business, association membership, community service, industry certification and industry awards.

"To be recognized like this on a national level requires hard work, high standards and an outstanding team," said Bjorn Freudenthal, General Manager of College City Remodeling. "We strive to be a positive influence in both the remodeling industry as well as our local community."

"The remodeling division has been steadily growing and building trusting relationships with our clients," added Darin Pavek, General Manager, College City Homes. "They are a team of experienced remodeling professionals that are up holding the award-winning tradition of College City Homes."

For over 38 years, the College City team has been helping customers with their construction needs. In 1999, College City Remodeling was launched and now functions as a separate remodeling company due to an ongoing demand for home remodeling, frequently from satisfied new home customers of College City Homes.

College City Remodeling is a full service design/build remodeling company with an experienced and dedicated staff featured in national trade publications. The quality of the staff, along with traditions of family ownership, provides an excellent balance of big firm proficiency with small company service. For more information, call (952) 469-8959 or visit the company's web site at www.collegecityremodeling.com.

The 30th annual Top 500 was published in the September 2007 issue of *Qualified Remodeler*, and on the magazine's Web site: www.qualifiedremodeler.com.
